**What will you do?**

The Utah Newborn Safe Haven, or 'baby drop-off' law, allows a birth parent or someone they choose to anonymously surrender a newborn to any employee at a Utah hospital.

## The Law ...

- Protects infants from injury and death
- Provides a safe place for newborns
- Allows secrecy and anonymity for any person dropping off the newborn

(Utah Code Ann. Sec. § 80-4-502)

## Utah Law

Do not hesitate  
to accept a newborn  
from anyone!

## Medical History of the Newborn

A person dropping off the newborn may wish to provide medical information on the health of the infant or medical history of the parents.

Utah Law states that names and other personal identifying information do not need to be provided.
